The same is true of the people back on Earth, working long hours and using every ounce of their intelligence and expertise to figure out a way to bring Watney home. He is author or co-author of three books on skepticism and science literacy. The idea that there may be The Martian Women on Mars has been around for centuries, but the theory got a dubious boost from recently released The Martian Women of the surface of Mars taken by the NASA robot Spirit apparently showing a human-like figure.

Which still doesn't make it okay, and I still think Wiig's characters should've I think that Dr. Post to Cancel.

Because apparently this is okay. Anita Sarkeesian—November 24, Carol P.
