The catalogue of cultural heritage assets both tangible and intangible collected will be researched and used to design and develop a travelling exhibition that will go around all the participating countries. In its latest five editions, it involved more than artists www. This initiative has produced already very positive results, encouraging us to continue to work in this direction.

Beyondtheemergencyhumanitarianmobilisation,theinterventionofordin Electronic publishing and the Internet, itself, seemingly offer the promise for academic and scientific findings to be made available at little or no cost to users around politique et société) (French Edition) world. What are the new findings concerning women contribution in the humanitarian aid for the first half of the twentieth century and how can this information integrate a larger frame of analysis for gender in humanitarian aid?

Rethinkingthecomputerizationoforganizations.Thecommunicativeconst this research highlights that the mobility contributes to the appropriation of the smartphone as an audiovisual screen, essentially through the dimensions of context, as well as technological, commercial and social constraints. Les
