Kim Haydon: 65 The right volume board will mean that water is displaced at the right level and this will help you go faster. These are narrower and longer so as to help the board glide swiftly through the water. Check over your roof rack and straps to make sure they are ready for the drive, and then hit the road!

Celebrate and explore the natural beauty and tranquility that is offered here. I waited a bit, hoping to use it as a reward but I re-read the sample and caved.
