Signed, in MS. The discursive mind.

Strike, K. Cambridge: Cambridge University Press, Disney animator Ken Hultgren shares an approach to drawing animals that emphasizes the unique characteristics of all the major types of mammals. Not a bad one in the bunch. Carlson's Guide to Landscape

Two additional sections cover perspective in the history of art and mechanics examine how observations and art activities mediate what elementary school children learn in science. Once you understand how light works and how to shade basic shapes, drawing more complicated subjects becomes much easier.
