Marys, OH I like the content and the fact that the students will be able to make comments for me to see. Describe what happened. Like when my teacher tells us a new way to subtract fractions, it seems obvious to me and not to other kids. This activity required them to READ the article, then discuss a meaningful concept. Let students do the writing to make grammar lessons more meaningful. But slowness is another problem I have that frustrates other people. Academic writing is a complex skill that can only be developed under proper guidance. High-school English teachers have been waiting for a source like this! Tell me if you are interested. State and district licenses also available.
