Acceptance of these as legitimate questions is a first step in defining the object of a theory of didactics. On the contrary, Wolf explicitly motivated his transformation of classical studies in normative terms. The chosen level of analysis, when the cognitivist theory of learning is investigated, is the philosophy of mind.

Forexample, an education tool to support the comprehension of confidence in Support Center Support Center. As aforementioned, all coaching sessions will be videotaped and analysed. Rather, the questions listed in the table are to be understood as such aspects or dimensions of the instructional process as a theory of didactics should contain.
